5-DAY TANZANIA SAFARI

ARRIVAL DAY

Our driver will be waiting for you at the airport and bring you to your accomodation

Accommodation: Kizumba house or similar

DAY 1: ARUSHA - TARANGIRE NATIONAL PARK

After having breakfast, we will depart towards Tarangire National Park to start our safari day. On the way, we will already be able to see incredible landscapes. You will be surprised by how the landscape changes along the way. Once inside the park, its landscape will also leave you speechless. Tarangire National Park is known as the Paradise of elephants, and we can also see lots of baobab trees and many more different wild animals and birds.

Semi luxury Accommodation: Karatu tented lodge or similar

Camping accommodation: Jua Manyara campsite or similar

DAY 2: SERENGETI NATIONAL PARK

After having breakfast, we will leave towards the huge plains of Serengeti, through the Area of Conservation of Ngorongoro. After lunch your way will continue with a safari in route towards the Seronera (central part of Serengeti). We will get there around evening times.

Semi luxury Accommodation: Shuhudia luxury tented camp or similar

Camping accommodation: Public campsite

DAY 3: SERENGETI - NGORONGORO CONSERVATION AREA

Today you will wake up early for a morning safari in Serengeti. After that you will go back to have breakfast in the camp, then continue with safari enroute towards the Conservation Area of Ngorongoro.

Semi luxury accommodation: Ngorongoro wild camp or similar.

Camping accommodation: Public campsite

DAY 4: NGORONGORO CRATER

After breakfast, you will descend the crater. The famous crater of Ngorongoro is rich in wildlife, every species has its own territory. Elephants, elands, endangered rhinos, zebras, gnus, hippopotamus, buffalos, lions… are some of the animals we are hoping to find. Towards the end of the afternoon, you will go up the crater to return to your accommodation.

Semi luxury Accommodation: Karatu tented lodge or similar

Camping accommodation: Jua Manyara campsite or similar

DAY 5: MANYARA NATIONAL PARK

We will leave the camping after breakfast to start a beautiful trip around Lake Manyara National Park. The park has an amazing landscape and is famous by its exuberant forests of acacias, giant figs and mahogany trees, as well as a growing population of baboons and blue monkeys. The permanent residents of this park also include giraffes, elephants, impalas and buffalos. The lake is also home for hippopotamuses. The landscape of Manyara is something that cannot be described with words and provides unique photographic opportunities of giraffes and buffalos with the lake behind.

Accommodation: Kizumba house or similar
